

**BEYOND MEAT**

# COOKOUT CLASSIC™

A delicious, nutritious 8-pack at the most affordable price yet. The value-pack consists of cravable plant-based burgers made from simple, plant-based ingredients, like peas and brown rice, without GMOs, bioengineered ingredients, soy or gluten.

The Cookout Classic offers delicious plant-based burger patties with the added convenience of being sold frozen in a value-pack designed to feed the whole family. All of Beyond Meat's products are designed to deliver the same juicy, meaty taste and texture as animal-based meat, while being better for people and the planet.

The Cookout Classic is packaged in a fully recyclable carton value-pack and offers 8 delicious plant-based burgers at our most affordable price to date to make plant-based meat more accessible to more consumers.
