EL SEGUNDO, Calif., May 27, 2021 -- Just in time for National Burger Day on May 28th, Beyond Meat, Inc. (NASDAQ: BYND), a leader in plant-based protein, announced the launch of the first-ever value 6-pack of its iconic Beyond Burger® in Canada. Major grocery stores across Canada now carry the 6-pack of delicious plant-based burger patties, which are conveniently frozen and perfect for summer cookouts, backyard BBQs and last-minute grill nights.

The new 6-pack offers mouth-watering taste along with added convenience and value for shoppers since they are sold in the frozen meat aisle with a suggested retail price of \$19.99 CAD (\$3.33 per patty). The Beyond Burger offers Canadians the juicy, delicious taste and texture of animal protein with the added nutritional and environmental benefits of plant-based protein. The Beyond Burger is packed with 20 grams of protein derived from simple, plant-based ingredients with 35% less saturated fat than ground beef and is made with no GMOs, soy, gluten or cholesterol.

“As the weather warms up and Canadians fire up their grills for backyard BBQs, we are excited to launch the Beyond Burger 6-pack nationwide at a more affordable price point, enabling Canadians to Eat What You Love™ while enjoying the nutritional and environmental benefits of plant-based protein,” said Heena Verma, Marketing Director, Canada, Beyond Meat. “And a juicy, chargrilled plant-based burger with an ice-cold beer is the ultimate Canadian summer combo, so we are thrilled to partner with popular Canadian brewery Collective Arts Brewing to celebrate this launch.”
